Directories ETV Internet

Directories **ETV Internet** allows you to easily request and export up-to-the-minute address data without receiving unwanted advertising. Just open your browser and request the address you're looking for.

WHAT WE CAN DO FOR YOU

Every entry found is delivered into a free shortlist: surname, first name, address, location and canton. You are only billed for any detailed entries that you subsequently select.

As well as providing addresses, Directories **ETV Internet** also offers a number of other useful directories and functions:

- ✓ Delivery of advertising stars (*) for call barring service
- ✓ Geographical and classified directories
- ✓ Address exporting (.xlsx, .txt or .vcf format)

PRICE

A minimum charge of CHF 250 (equivalent to 1,000 detailed entries) is invoiced each calendar month regardless of the number of chargeable detailed entries provided. Additional data requests which exceed the monthly allowance are charged at CHF 0.25 each. International data is charged separately and by transaction.

Prices quoted do not include Swiss or foreign taxes or other charges required by law (in particular, they do not include VAT).
